

**CCG Performance Accelerator**  
A cloud-based knowledge  
and business management system for CCGs

**Better Information. Better Decisions. Better Outcomes.**

**Your Challenge**

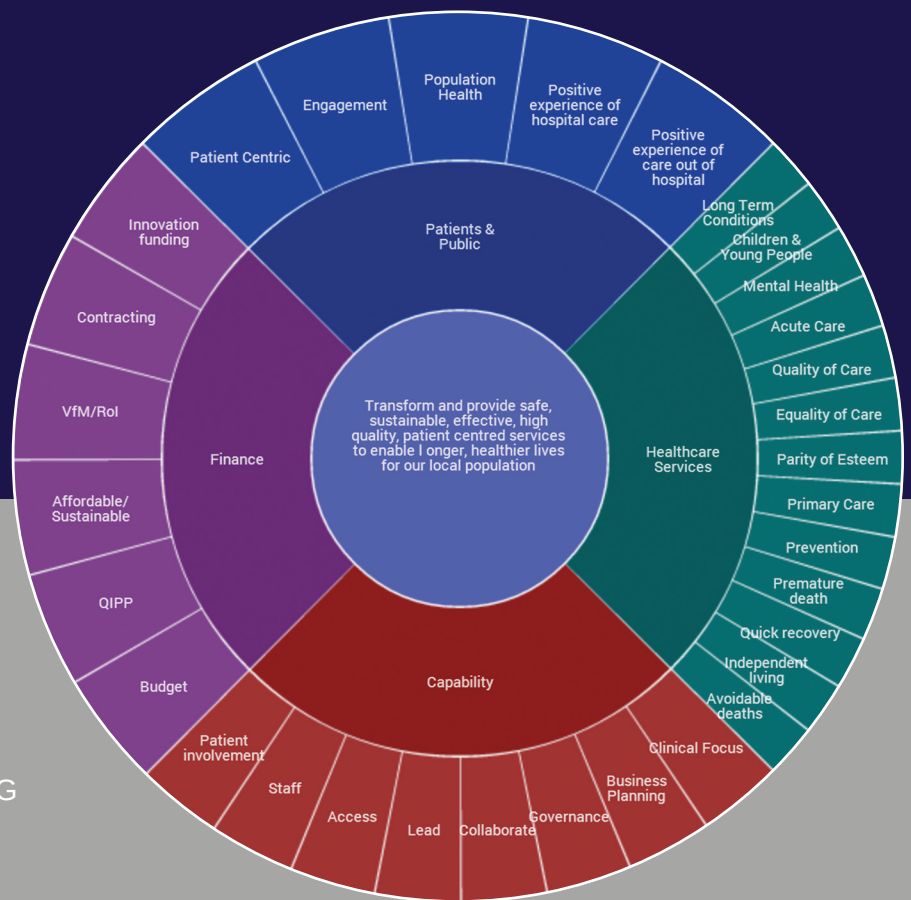

CCGs face a daunting agenda - fixed or reducing budgets, an ageing population with greater long-term health conditions and a challenging QIPP programme requiring annualised savings in excess of £30 billion.

You must achieve this within a complex environment of policy, regulation, guidance and targets.

**Our Solution**

Sirius Partners has developed a comprehensive business and knowledge management system for CCGs - *CCG Performance Accelerator*. This innovative web-based management system puts CCG leaders in control by helping you make sense of a complex national agenda and achieve your business outcomes within your local health economy. This enables you to:

- **Improve performance**  
Ensures that you are focused on the priorities that achieve greatest business value for your CCG
- **Save money**  
Business inefficiency, duplication and redundancy can be identified and removed ensuring that your resources are focused and costs managed
- **Manage delivery**  
With a comprehensive Programme Management Office system you will remain in control of your programmes and projects increasing your ability to deliver your QIPP targets
- **Achieve CCG Quality Premium**  
Provides you with a tool to manage and deliver against NHS Outcomes Framework targets

## Why CCG Performance Accelerator is important for you

- Delivers real-time insight into where to focus your resources in order to achieve your objectives and outcomes
- Ensures a structured and collaborative approach to realising your priorities, benefits and outcomes
- Aligns your business with national guidance with easy access to a comprehensive CCG knowledge-base
- Provides full document management and distribution across your health economy - at the push of a button!
- Enables you to prioritise and take control of your QIPP programme maximising your ability to achieve targeted savings

## Why Sirius Partners?

The Sirius Partners team has an impressive pedigree in NHS commissioning over the past decade. Our credentials include:

- Significant hands-on experience of NHS commissioning, from business planning to delivery
- An understanding that every penny counts and that the NHS faces significant financial and delivery challenges
- An in-depth understanding of the politics, structures and complexity of the NHS
- With a relentless focus on a remarkable customer experience we will deliver outstanding return-on-investment
- Solutions built on leading-edge internet technology and available through G-Cloud Crown Commercial Service framework
- As ex-NHS Directors, tax payers and patients, we are passionate about making a difference in the NHS
